Getting Started with SDS Manager

Is it possible to extend the trial period if I need more time to test SDS Manager?

The trial period lasts for 30 days, and you can reset it at any time, allowing you to extend the trial by 7 days with each request. In most cases, we can accommodate additional extensions if you need more time to test our system before committing to a paid subscription. Furthermore, our subscription plans are flexible and can be canceled at any time without a lock-in period.
