SDS Authoring - how to upload an SDS file

To access an uploaded SDS file in the Authoring tool, you first have to upload the SDS file using [SDS Inventory manager \(Require login\)](#)-

The screenshot shows the 'global-sds-search' page in the SDS Manager application. The browser address bar displays 'inventory.sdsmanager.com/global-sds-search'. The page header includes a navigation menu with icons for Home, SDS, Locations, and a search icon. The main content area is titled 'Search for Safety Data Sheet in our database of 13Million+ Safety Data Sheets'. A light blue information box explains that users can add SDS files to their library by searching for products and adding them to a location structure. Below this is a search bar with the placeholder text 'Product, Supplier, CAS#, UFI#, EU No.' and a search button. To the right of the search bar is an 'Advanced search' button. The 'Recently added' section lists three items: 'STP Engine Oil Stop Leak + No Smoke' (Building A) with a 'peligro' hazard label and H5, S1, E1 hazard pictograms; '1/11' (Building A) with a 'Sin' hazard label and H1, S1, E1 hazard pictograms; and 'Propylene Glycol' (Building A) with H1, S1, E1 hazard pictograms. Below the list is a section titled 'Already have the PDF-file of the Safety Data Sheet you want to add to your library?' with an information icon. It states that users can add SDS files by uploading PDF files. A large blue box contains a file upload area with the text 'Drop your PDF, ZIP or RAR files here' and a 'Browse File' button with an information icon. The 'Browse File' button and the text above it are highlighted with a red border in the image.

Next open the SDS Detail page and you will find the SDS_ID at the bottom of the window.

Miscellaneous

SECTION 16: Other information

13726109-42966310

Use the SDS_ID when searching for the SDS in SDS Manager Authoring tool.

The screenshot shows the SDS Manager Authoring tool interface. A search box in the 'Select SDS to import' dialog contains the ID '13726109'. Below the search box is a table with the following data:

Name	Supplier name	Revision date	Regulations covered	Language
STP Engine Oil Stop Leak + No Smoke	Energizer Manufacturing, Inc	2024-07-29	US	Spanish

The table also includes a 'Language' dropdown menu set to 'English' and a 'Rows per page' dropdown set to '10'. A red arrow points to the 'Language' column header in the table.
