

# How to keep our SDS library up-to-date

## How can I create custom fields linked to my SDSs?

SDS Manager allows you to create custom fields and assign values to them. Click on the 'Personalized view' tab, then choose the + icon

The following data types are supported: Text, numeric, Date and Enumerated

When the enumerated data type is used, a user selects a value from the dropdown list.

# How to keep our SDS library up-to-date

Revision date:	2020-10-11
Printed date:	2021-10-01
1.2.2. Uses advised against:	All uses not specified in this section or in section 7.3
Icons in PDF:	
Test private custom field:	Private value
Foodgrade:	YES
EOL Date:	2024-06-30
Process the product is used:	Process A
<b>Company Information</b>	
company name:	
e-mail address of the competent person responsible for the Safety Data Sheet:	safety@gerdu.de

When enumerated data type is used, user select value from dropdown list.

On the "All our SDS" page, user can filter SDS by values set in custom fields.

Below is an example where we list all SDS that are used in "Process A"

All Our SDS Export to XLSX

Search for SDS  Filter by CAS# in components  All Locations

SDS status: Only list SDS in use Approval Status: All Supplier: Revision date: Risk assessment: All Hazard statements: GHS pictograms:

The Bulk action feature allows you to multi-select SDS and set custom values on all selected SDS.

# How to keep our SDS library up-to-date

The screenshot shows the 'All Our SDS' interface. At the top, there is a search bar and a navigation menu. Below the search bar, there are several filters: 'Search for SDS', 'Filter by CAS# in components', and 'All Locations'. There are also dropdown menus for 'SDS status', 'Approval Status', 'Supplier', 'Revision date', 'Risk assessment', and 'Hazard statements'. A 'Bulk Action' button is highlighted with a red box. A modal dialog box titled 'Set custom field' is open, showing a dropdown menu with 'Require Eyewash' selected and a 'Custom field value' section with 'Yes' selected. A second red box highlights the 'Set custom field' option in the bulk action menu. The table below shows several SDS entries with columns for Product Name, Supplier Name, Product Code, Revision date, and various status indicators.

Product Name	Supplier Name	Product Code	Revision date	Other Info
A-100 XXX	Solvents & Petroleum Service, Inc		2020-06	
AATREX LIQUID 480	Syngenta Canada Inc	A8566A	2021-01	
ABS 3D Printer Filament/ MakerBot Industries LLC	MakerBot Industries LLC		2016-11-03	H1 S1 E1 Risk must be evaluated View locations No approval info
ACCU-CHEK INFORM II CONTROLS US 6/CS	Roche Diagnostics		2012-06-11	H4 S1 E1 Risk must be evaluated View locations Approved
