

How to keep our SDS library up-to-date

How can I assign a synonym name to an SDS?

Sometimes, you will use a different name for a product than the one found in the Safety Data Sheet file.

There are two ways to do this:

1. Add the name you use for the product internally as a synonym
2. Change the name of the SDS

Danger

Update

Tris-(2-chloroethyl)phosphate

VHG Labs, Inc

2. Change the name of the SDS

General Information

Product name:	Tris-(2-chloroethyl)phosphate
Product Synonyms:	Add synonym here ← 1. Add your own synonym
Product code:	DRE-C17894300
CAS N°:	115-96-8
EC N°:	204-118-5

Generally, we recommend adding the name you use as a synonym. This way, the SDS can be found by both searching for the official product name found in the SDS file and the synonym.
