

# How to keep our SDS library up-to-date

## How can I create custom fields linked to my SDSs?

SDS Manager allows you to create custom fields and assign values to them.

The following data types are supported: Text, numeric, Date and Enumerated

When enumerated data type is used, user select value from dropdown list.

# How to keep our SDS library up-to-date

Revision date:	2020-10-11
Printed date:	2021-10-01
1.2.2. Uses advised against:	All uses not specified in this section or in section 7.3
Icons in PDF:	
Test private custom field:	Private value
Foodgrade:	YES
EOL Date:	2024-06-30
Process the product is used:	Process A
<b>Company Information</b>	
company name:	
e-mail address of the competent person responsible for the Safety Data Sheet:	safety@gerbu.de

When enumerated data type is used, user select value from dropdown list.

On "All our SDS" page, user can filter SDS by values set in custom fields.

Below is an example where we list all SDS that are used in "Process A"

All Our SDS											
Search for SDS			Advanced search		SDS status		Approval Status		Supplier		Risk assessment
					Only list SDS in use		All				All
Search for CAS# in components			Custom Fields		Custom field value						
			Process the produ...		Process A						
Only list SDS on locations I have access									Bulk Action		Show
<input type="checkbox"/>	Product Name	Supplier Name	Product Code	Custom Fields	Revision date	GHS	Substance hazard	Last evaluated	Locations	Approval Status	
							H S E				
<input type="checkbox"/>	1039 - Carbenicillin disodium salt	GERBU Biotechnik GmbH			2020-10-11		H1 S1 E1	Need approval	<a href="#">View locations</a>	Approved	
<input type="checkbox"/>	540101 EPOXY IMPREGNATION PRIMER - Activator	Tor Coatings Limited			2022-02-09		H4 S1 E5	2023-03-04	<a href="#">View locations</a>	Not approv
