

Migrating our SDS files to SDS Manager

How do I migrate our current SDS binder to SDS Manager?

If you already have SDS-binders for each of your locations, you can simply upload the SDS-binder file to a location in our SDS Inventory Manager. We will automatically read the PDF you import and find out what SDS are in the file and add them automatically to the location.

With this method you can populate your SDS inventory manager with thousands of SDS in a matter of minutes. The only requirement is that you have an SDS-binder for each location in your company

Add substance to RE Department

Search for Safety Data Sheet in our database of 11Million+ Safety Data Sheets.

Product, Supplier, CAS#, UFI#, EU No.

Advanced search ▾

Already got the PDF-file of the Safety Data Sheet you want to add to your library?

You can also add the Safety Data Sheet to your library by simply uploading the PDF-file.

Add PDF file to my SDS library

Drag and drop Or [click here to browse files](#)

Show other methods to add Safety Data Sheets to location ^

UPLOAD FROM URL

I know the URL where the Safety Data Sheet can be downloaded from the internet.

MANUALLY ENTER PRODUCT

I cannot find any Safety Data Sheet file for my product. Until I get the Safety Data Sheet file, I want to store all the product information I know. The Safety Data Sheet file can be added later.

IMPORT SDS-BINDER

I have a PDF-SDS Binder with all Safety Data Sheets I want to import to this location.

IMPORT ZIP-FILE

I have all Safety data sheet files for this location in a folder on my PC. I have compressed the folder to a zip file and want to import them to this location.
